MANAV D

Software Developer

About Me

A Passionate and creative Third-year undergraduate student pursuing B.E. in Computer Science and Design, with a strong interest in UI/UX and digital product design. Skilled in tools like Figma, Blender, and Framer, with practical experience in leading teams and designing user-centered applications. Eager to contribute to innovative projects and grow as a designer and developer in a forward-thinking environment.

Experience

Web Development Intern

- NXTGEN Instruments | 26th Dec 2024 – 31st Dec 2024 Developed responsive, cross-browser compatible websites using HTML and CSS.

Web Design and Development Industrial Visit

- ZOP Technology
- Worked closely with designers to bring UI/UX mockups to life with modern layouts.
